Public Summary

Summary for ARTG Entry:	337233	Liquid Multivitamin for Infants
ARTG entry for	Medicine Listed	
Sponsor	BNutrition Pty Ltd	
Postal Address	PO Box 234, Tanunda, SA, 5352 Australia	
ARTG Start Date	29/05/2020	
Product Category	Medicine	
Status	Active	
Approval Area	Listed Medicines	

Conditions

Colouring agents used in listed medicine for ingestion, other than those listed for export only under section 25 of the Act, shall be only those included in the list of 'Colourings permitted in medicines for oral use'.

The sponsor shall keep records relating to this listed medicine as are necessary to: (a) Expedite recall if necessary of any batch of the listed medicine, (b) Identify the manufacturer(s) of each batch of the listed medicine. Where any part of or step in manufacture in Australia of the listed medicine is sub-contracted to a third party who is not the sponsor, copies of relevant Good Manufacturing Practice agreements relation to such manufacture shall be kept.

The sponsor shall retain records of the distribution of the listed medicine for a period of five years and shall provide the records or copies of the records to the Complementary Medicines Branch, Therapeutic Goods Administration, upon request.

Where a listed medicine is distributed overseas as well as in Australia, product recall or any other regulatory action taken in relation to the medicine outside Australia which has or may have relevance to the quality, safety or efficacy of the goods distributed in Australia, must be notified to the National Manager Therapeutic Goods Administration, immediately the action or information is known to the sponsor.

Products

1 . Liquid Multivitamin for Infants

Product Type	Single Medicine Product	Effective Date	30/07/2022
---------------------	-------------------------	-----------------------	------------

Permitted Indications

- Antioxidant/Reduce free radicals formed in the body in healthy infants
- Maintain/support collagen formation in healthy infants
- Maintain/support energy levels in healthy infants
- Helps convert (state food) into energy in healthy infants
- Maintain/support energy production in healthy infants
- Maintain/support healthy eye function in healthy infants
- Maintain/support eye health in healthy infants
- Maintain/support healthy eyesight/vision in healthy infants
- Maintain/support healthy growth and development in healthy infants
- Maintain/support body mucous membrane health in healthy infants
- Maintain/support general health and wellbeing in healthy infants
- Maintain/support hair health in healthy infants
- Aids/assists teeth development in healthy infants
- Maintain/support healthy teeth in healthy infants
- Maintain/support nail health/strength/thickness in healthy infants
- Maintain/support connective tissue health in healthy infants
- Aid/assist/helps connective tissue production/formation in healthy infants
- Maintain/support bone health in healthy infants
- Aids/assists healthy bone development/growth/building in healthy infants
- Help maintain/support bone mineralisation in healthy infants
- Aid/assist healthy red blood cell production in healthy infants
- Maintain/support red blood cell health in healthy infants
- Maintain/support blood health in healthy infants
- Helps maintain/support haemoglobin formation/synthesis in healthy infants
- Maintain/support healthy liver function in healthy infants
- Maintain/support immune system health in healthy infants
- Maintain/support healthy immune system function in healthy infants

Public Summary

Public Summary

Maintain/support muscle function in healthy infants
Aid/assist/helps protein synthesis in the body in healthy infants
Maintain/support absorption of dietary (state vitamin/mineral/nutrient) in healthy infants
Maintain/support (state vitamin/mineral/nutrient) levels in the body in breast fed healthy infants
Maintain/support (state vitamin/mineral/nutrient) levels in the body in healthy infants
Helps prevent dietary (state vitamin/mineral/nutrient) deficiency in breast fed healthy infants
Helps prevent dietary (state vitamin/mineral/nutrient) deficiency in healthy infants
Aid/assist/helps metabolism of (state vitamin/mineral/nutrient) in healthy infants
Maintain/support cognitive development in healthy infants
Maintain/support nerve conduction in healthy infants
Aid/assist/helps synthesis of neurotransmitters in healthy infants
Maintain/support nervous system health in healthy infants
Maintain/support nervous system function in healthy infants
Maintain/support skin health in healthy infants
Maintain/support skin integrity/structure
Maintain/support wound healing in healthy infants
Antioxidant/Reduce free radicals formed in the body in healthy infants
Maintain/support collagen formation in healthy infants
Maintain/support energy levels in healthy infants
Helps convert (state food) into energy in healthy infants
Maintain/support energy production in healthy infants
Maintain/support healthy eye function in healthy infants
Maintain/support eye health in healthy infants
Maintain/support healthy eyesight/vision in healthy infants
Maintain/support healthy growth and development in healthy infants
Maintain/support body mucous membrane health in healthy infants
Maintain/support general health and wellbeing in healthy infants
Maintain/support hair health in healthy infants
Aids/assists teeth development in healthy infants
Maintain/support healthy teeth in healthy infants
Maintain/support nail health/strength/thickness in healthy infants
Maintain/support connective tissue health in healthy infants
Aid/assist/helps connective tissue production/formation in healthy infants
Maintain/support bone health in healthy infants
Aids/assists healthy bone development/growth/building in healthy infants
Help maintain/support bone mineralisation in healthy infants
Aid/assist healthy red blood cell production in healthy infants
Maintain/support red blood cell health in healthy infants
Maintain/support blood health in healthy infants
Helps maintain/support haemoglobin formation/synthesis in healthy infants
Maintain/support healthy liver function in healthy infants
Maintain/support immune system health in healthy infants
Maintain/support healthy immune system function in healthy infants
Maintain/support muscle function in healthy infants
Aid/assist/helps protein synthesis in the body in healthy infants
Maintain/support absorption of dietary (state vitamin/mineral/nutrient) in healthy infants
Maintain/support (state vitamin/mineral/nutrient) levels in the body in healthy infants
Maintain/support (state vitamin/mineral/nutrient) levels in the body in breast fed healthy infants
Helps prevent dietary (state vitamin/mineral/nutrient) deficiency in breast fed healthy infants
Helps prevent dietary (state vitamin/mineral/nutrient) deficiency in healthy infants
Aid/assist/helps metabolism of (state vitamin/mineral/nutrient) in healthy infants
Maintain/support cognitive development in healthy infants
Maintain/support nerve conduction in healthy infants

Pack Size/Poison information

Pack Size	Poison Schedule
------------------	------------------------

Components

1 . Formulation 1

Dosage Form Oral Liquid

Route of Administration Oral

Visual Identification

Active Ingredients

betacarotene	3 mg/mL
Biotin	1.5 microgram/mL
calcium ascorbate dihydrate	9.12 mg/mL
Equivalent: calcium	860 microgram/mL
Equivalent: ascorbic acid	7.5 mg/mL
choline bitartrate	91.91 mg/mL
Equivalent: choline	37.5 mg/mL
colecalfiferol	5 microgram/mL
cyanocobalamin	.417 microgram/mL
d-alpha-tocopheryl acetate	4.04 mg/mL
levomefolate glucosamine	144.27 microgram/mL
Equivalent: levomefolic acid	80 microgram/mL

Public Summary

Australian Government
Department of Health and Aged Care
 Therapeutic Goods Administration

nicotinamide	1 mg/mL
pyridoxal 5-phosphate monohydrate	177 microgram/mL
Equivalent: pyridoxine	100 microgram/mL
riboflavin sodium phosphate	195 microgram/mL
Equivalent: riboflavin	150 microgram/mL
thiamine hydrochloride	112 microgram/mL
Equivalent: thiamine	100 microgram/mL

Other Ingredients (Excipients)

- ascorbyl palmitate
- dl-alpha-tocopherol
- Gelatin
- glycerol
- Maize Oil
- maize starch
- potassium sorbate
- purified water
- sucrose
- vegetable oil
- xanthan gum
