**Public Summary**

<b>Summary for ARTG Entry:</b>	340003	Liquid Zinc
<b>ARTG entry for</b>	Medicine Listed	
<b>Sponsor</b>	BNutrition Pty Ltd	
<b>Postal Address</b>	PO Box 234, Tanunda, SA, 5352 Australia	
<b>ARTG Start Date</b>	23/07/2020	
<b>Product Category</b>	Medicine	
<b>Status</b>	Active	
<b>Approval Area</b>	Listed Medicines	

**Conditions**

Colouring agents used in listed medicine for ingestion, other than those listed for export only under section 25 of the Act, shall be only those included in the list of 'Colourings permitted in medicines for oral use'.

The sponsor shall keep records relating to this listed medicine as are necessary to: (a) Expedite recall if necessary of any batch of the listed medicine, (b) Identify the manufacturer(s) of each batch of the listed medicine. Where any part of or step in manufacture in Australia of the listed medicine is sub-contracted to a third party who is not the sponsor, copies of relevant Good Manufacturing Practice agreements relation to such manufacture shall be kept.

The sponsor shall retain records of the distribution of the listed medicine for a period of five years and shall provide the records or copies of the records to the Complementary Medicines Branch, Therapeutic Goods Administration, upon request.

Where a listed medicine is distributed overseas as well as in Australia, product recall or any other regulatory action taken in relation to the medicine outside Australia which has or may have relevance to the quality, safety or efficacy of the goods distributed in Australia, must be notified to the National Manager Therapeutic Goods Administration, immediately the action or information is known to the sponsor.

**Products**

**1 . Liquid Zinc**

<b>Product Type</b>	Single Medicine Product	<b>Effective Date</b>	30/07/2022
---------------------	-------------------------	-----------------------	------------

**Permitted Indications**

- Antioxidant/Reduce free radicals formed in the body in children
- Antioxidant/Reduce free radicals formed in the body in healthy infants
- Maintain/support collagen formation in healthy infants
- Maintain/support collagen formation in children
- Maintain/support healthy eye function in healthy infants
- Maintain/support healthy eye function in children
- Maintain/support eye health in healthy infants
- Maintain/support eye health in children
- Maintain/support healthy eyesight/vision in healthy infants
- Maintain/support healthy eyesight/vision in children
- Maintain/support healthy growth and development in healthy infants
- Maintain/support healthy growth and development in children
- Maintain/support general health and wellbeing in children
- Maintain/support general health and wellbeing in healthy infants
- Maintain/support hair health in healthy infants
- Maintain/support hair health in children
- Aids/assists teeth development in children
- Aids/assists teeth development in healthy infants
- Maintain/support healthy teeth in children
- Maintain/support healthy teeth in healthy infants
- Maintain/support teeth mineralisation in children
- Maintain/support nail health/strength/thickness in children
- Maintain/support nail health/strength/thickness in healthy infants
- Maintain/support connective tissue health in children
- Maintain/support connective tissue health in healthy infants
- Aid/assist/helps connective tissue production/formation in healthy infants
- Aid/assist/helps connective tissue production/formation in children

**Indication Requirements**

Product presentation must not imply or refer to serious immunological diseases.  
 Label statement: [Vitamins/minerals/nutrients/dietary supplements] can only be of assistance if dietary intake is inadequate OR [Vitamins/minerals/nutrients/dietary supplements] should not replace a balanced diet (or words to that effect).  
 Product presentation must not imply or refer to mental illnesses, disorders or conditions.  
 Label statement: If symptoms persist, talk to your health professional.  
 Product presentation must not imply or refer to vision correction, faults or serious eye disease e.g. macular degeneration.  
 Product presentation must not imply or refer to bone disease or disorders e.g. rheumatoid arthritis, juvenile arthritis, debilitating osteoarthritis, osteoporosis.  
 Note: this requirement is not intended to apply where the indications referring to osteoporosis specified in column 2 of Table 2 of this instrument are also used.  
 If product is indicated for supplementation, Label statement: [Vitamins/minerals/nutrients/dietary supplements] can only be of assistance if dietary intake is inadequate OR [Vitamins/minerals/nutrients/dietary supplements] should not replace a balanced diet (or words to that effect).  
 Product presentation must not imply or refer to serious musculoskeletal or neurological conditions.

**Standard Indications**

No Standard Indications included on Record

**Specific Indications**

No Specific Indications included on Record

**Warnings**

Contains sorbates' (or word to this effect) if medicine contains two or more sorbate sources OR 'Contains [insert the approved name of sorbate source used]' (or words to this effect) if medicine contains one sorbate source.
