Conditions

Colouring agents used in listed medicine for ingestion, other than those listed for export only under section 25 of the Act, shall be only those included in the list of 'Colourings permitted in medicines for oral use'.

The sponsor shall keep records relating to this listed medicine as are necessary to: (a) Expedite recall if necessary of any batch of the listed medicine, (b) Identify the manufacturer(s) of each batch of the listed medicine. Where any part of or step in manufacture in Australia of the listed medicine is sub-contracted to a third party who is not the sponsor, copies of relevant Good Manufacturing Practice agreements relation to such manufacture shall be kept.

The sponsor shall retain records of the distribution of the listed medicine for a period of five years and shall provide the records or copies of the records to the Complementary Medicines Branch, Therapeutic Goods Administration, upon request.

Where a listed medicine is distributed overseas as well as in Australia, product recall or any other regulatory action taken in relation to the medicine outside Australia which has or may have relevance to the quality, safety or efficacy of the goods distributed in Australia, must be notified to the National Manager Therapeutic Goods Administration, immediately the action or information is known to the sponsor.

Products

1 . Eagle Beta A-C Tablets

Product Type	Single Medicine Product	Effective Date	26/02/2021
---------------------	-------------------------	-----------------------	------------

Permitted Indications

- Antioxidant/Reduce free radicals formed in the body in aging individuals
- Antioxidant/Reduce free radicals formed in the body in adolescents
- Antioxidant/Reduce free radicals formed in the body
- Helps reduce/decrease free radical damage to body cells in adolescents
- Helps reduce/decrease free radical damage to body cells
- Helps reduce/decrease free radical damage to body cells in aging individuals
- Maintain/support collagen formation in aging individuals
- Maintain/support collagen formation
- Maintain/support collagen formation in adolescents
- Maintain/support collagen health in aging individuals
- Maintain/support collagen health
- Maintain/support collagen health in adolescents
- Maintain/support general health and wellbeing
- Maintain/support general health and wellbeing in adolescents
- Maintain/support general health and wellbeing in aging individuals
- Aid/assist/helps connective tissue production/formation in adolescents
- Aid/assist/helps connective tissue production/formation in aging individuals
- Aid/assist/helps connective tissue production/formation
- Maintain/support body tissue repair/regeneration in aging individuals
- Maintain/support body tissue repair/regeneration in adolescents
- Maintain/support body tissue repair/regeneration
- Maintain/support artery health in adolescents
- Maintain/support artery health
- Maintain/support artery health in aging individuals
- Maintain/support blood capillary health in adolescents
- Maintain/support blood capillary health
- Maintain/support blood capillary health in aging individuals

Components

1 . Formulation 1

Dosage Form	Tablet, film coated
Route of Administration	Oral

Visual Identification

Active Ingredients

ascorbic acid	607.22 mg
Equivalent: ascorbic acid	589 mg
calcium ascorbate dihydrate	104.67 mg
Equivalent: ascorbic acid	84 mg
Equivalent: calcium	9.54 mg
Citrus bioflavonoids extract	50 mg
d-alpha-tocopheryl acid succinate	41.376 mg
Dunaliella salina cell Extract soft concentrate standardised	7 mg
Equivalent: Dunaliella salina (Fresh)	13.125 mg
rutoside	150 mg
sodium ascorbate	146.62 mg
Equivalent: sodium	17.7 mg
Equivalent: ascorbic acid	127.73 mg
zinc amino acid chelate	10 mg
Equivalent: zinc	2 mg

Other Ingredients (Excipients)

ascorbyl palmitate
