Conditions

Colouring agents used in listed medicine for ingestion, other than those listed for export only under section 25 of the Act, shall be only those included in the list of 'Colourings permitted in medicines for oral use'.

The sponsor shall keep records relating to this listed medicine as are necessary to: (a) Expedite recall if necessary of any batch of the listed medicine, (b) Identify the manufacturer(s) of each batch of the listed medicine. Where any part of or step in manufacture in Australia of the listed medicine is sub-contracted to a third party who is not the sponsor, copies of relevant Good Manufacturing Practice agreements relation to such manufacture shall be kept.

The sponsor shall retain records of the distribution of the listed medicine for a period of five years and shall provide the records or copies of the records to the Complementary Medicines Branch, Therapeutic Goods Administration, upon request.

The sponsor of the listed medicine must not, by any means, intentionally or recklessly advertise the medicine for an indication other than those accepted in relation to the inclusion of the medicine in the Register.

All reports of adverse reactions or similar experiences associated with the use or administration of the listed medicine shall be notified to the Head, Office of Product Review, Therapeutic Goods Administration, as soon as practicable after the sponsor of the goods becomes aware of those reports. Sponsors of listed medicines must retain records of such reports for a period of not less than 18 months from the day the Head, Office of Product Review is notified of the report or reports.

The sponsor shall not supply the listed medicine after the expiry date of the goods.

Where a listed medicine is distributed overseas as well as in Australia, product recall or any other regulatory action taken in relation to the medicine outside Australia which has or may have relevance to the quality, safety or efficacy of the goods distributed in Australia, must be notified to the National Manager Therapeutic Goods Administration, immediately the action or information is known to the sponsor.

Permitted Indications

Indication Requirements

No Indication Requirements included on Record

Standard Indications

Helps maintain healthy digestive function.
 Aids digestion.

Specific Indications

A digestive tonic soothing to the lining of the stomach and intestines. Lifestream Biogenic Aloe Vera is soothing to the lining of the stomach and intestines and supports smooth and natural digestion. It will help maintain healthy intestinal bacteria, assists in the healthy functioning of the digestive tract and supports the immune system. The pure 'inner gel' of the Aloe Barbadensis plant contains numerous plant phytonutrients and active components such as saponins and polysaccharides, essential for cell growth and renewal.
 Aloe vera may assist with protein digestion and absorption (take 60 mL three times daily for a total daily dose of 180 mL).
 Aloe vera may assist in improving gastrointestinal motility (take 60 mL three times daily for a total daily dose of 180 mL)
 Aloe vera may assist in decreasing bowel transit time (take 60 mL three times daily for a total daily dose of 180 mL)
 Aloe vera supports healthy immune function
 Aloe vera juice supports a healthy stomach and efficient digestion.
 Aloe vera has anti-inflammatory properties
